Specialists in AxiomSL's ControllerView platform

Transformativ
The Financial Regulatory Reporting Partner

AxiomSL Partner

AxiomSL is the world's leading supplier of financial regulatory reporting software.

AxiomSL enables banks to take a strategic integrated approach to meeting their local and global regulatory reporting obligations. The software has won the coveted Waters Technology 'Best Risk Reporting Platform 2015' award.

Transformativ is a boutique consulting firm focussed on providing AxiomSL expertise to Financial Institutions worldwide.

We are also appointed sales agents of AxiomSL in certain European territories.

AxiomSL Delivery

We have a deep expertise in the AxiomSL product set.

We understand our clients' data sourcing challenges.

We customize project workstream strategies that maximize collaboration and delivery.

We are specialists in structuring, leading, resourcing and delivering complex projects in financial regulatory reporting in Europe and the United States.

Our teams are well versed in the particular challenges of CCAR and IHC in the US.

Our senior project leaders and our multi-disciplined teams work collaboratively with our clients.

AxiomSL Resourcing

We recruit experienced professionals and graduates in Europe and the USA and train our people in our Transformativ structured project team method and in the AxiomSL platform. The multi-disciplined teams we provide to our clients include:

- Project Managers

- Business Analysts, Technical Analysts, Functional Analysts

- Subject Matter Experts in Banking Regulatory Reporting

- Data Architects

- Data Sourcing designers and developers

- Testers, expert in system testing, in data proving, and in planning & support of UAT

We operate a managed team model, where our people are deployed to undertake specific delivery responsibilities in collaboration with our clients. We are a true partner to our clients' delivery ambitions.
